## DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

1. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be material to patentability as defined in 37 CFR 1.56.

The second supplemental declaration filed on 4/27/2005 should state: "material to the patentability of the claims" rather than "material to the examination".

2. The amended disclosure, filed on 11/20/2007, is objected to because of the following informalities:

a) The specification should be updated to show 08/844,887 is now RE 36416, i.e. amended Cross-Reference to Related Applications should read: "..., is a continuation of US application 08/449,887, now RE 36416, from which this Reissue patent issued.

b) Change of title should be shown by a format of bracketing and underlining, i.e. [old title], new title.

Appropriate correction is required.

3. Claims 93-101 are objected to because of the following informalities:
    - a) Claim 100, filed on 11/20/2006, should be underlined in its entirety.
    - b) Claims 93-101 should be re-numbered to 74-82, because the original patent claims are numbered 1-73.
- Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
